ARCHBOLD SPLINTERS. A Careful Resume of the Events of One Day.

Special to the Scranton Tribune. ARCHBOLD, Pa., May 3.—Mrs. Anthony Broderick and Mrs. W. J. Gilroy called on friends in Scranton today.

T. J. Healy, of South Main street, who has been sick for several days, is able to be out again.

On Saturday a teachers' institute will be held in the graded school building. The teachers of this borough, Olyphant, Jermy, Mayfield and Scott will participate and a programme of great interest will be observed.

A debate as to whether Grant or McClellan were the greater generals will be one of the features of the institute. Professor Howard, of Jermy, and Professor J. K. White will take opposite sides. There will be other novelties on the programme which will undoubtedly make it an institute very interesting.

Mrs. E. A. Jones, of Main street, called on friends in Olyphant today.

There is a full in hostilities caused by the extension of the Carbondale Traction company. A number of men are fixing the ditches and making the road passable. The rails for the tracks are laid. There has been little done within the past few days regarding the location of the fence lines along the route of the track and neither the council nor the property holders have made a move toward a satisfactory settlement of the difficulty.

It has been suggested that the Deane and Hanson surveyors, County Surveyor Dunning and such other surveyor as the property holders may agree upon, meet and go over the disputed territory with a view to the location of a line, and many of those interested assent to this proposition. It is likely that the line will be done as it seems to be the only way of reaching a settlement.

The funeral of Mrs. Jacob Wagner, of South Main street, who died on Tuesday, will take place tomorrow (Friday) afternoon at 2 o'clock. Interment in the Protestant cemetery.

Mrs. Dennis Black, of Hill street, still continues to be quite sick. The stereopticon entertainment in the German church last evening was well attended. It was a success in every particular.

Archbold will be well represented in the Fourth District legislative caucus. Miles J. McAndrew, a well known young Democrat of this place, is spoken of as a candidate for the legislature, and his name will probably go before the caucus. Mr. McAndrew has a great deal of ability and is eminently qualified to represent this thriving region. He has done good service for the Democratic party in the past, and for this, at least, there are many who think he is entitled to consideration.

CHURCH SOCIETY MEETING. President of the Ladies' Aid Society Entails Members and Friends. Special to the Scranton Tribune.

DUNMORE, Pa., May 3.—At the annual meeting of the Ladies' Aid society of the Presbyterian church held yesterday afternoon, the president of the society, Mrs. D. Blackington, gave a reception to all members and friends of the church, and which proved a wonderful both in attendance and enjoyment. In the afternoon a business meeting was held and a cordial invitation being extended to all the gentlemen friends for the evening. A large and enthusiastic gathering was the result. The prosperity that this well known and important church factor enjoys is shown by the gratifying yearly report that was read.

After paying all expenses the society has enriched the church financially to the amount of \$1,050 for the past year, all of which was raised by the ladies' personal efforts. Combining this with the amount formerly paid in to the trustees makes a total of over \$9,000.

The annual election of officers was also held. Of the present incumbents were re-elected. Mrs. A. D. Blackington was chosen president, Mrs. Close, vice president, Mrs. Higgins, secretary, and Mrs. Comstock, treasurer. The society was formed six years ago, during which time it has labored indefatigably for the church and its membership of eighteen, which consummated its organization, has increased to 127. Last night the church parlors presented a pretty scene, decorations having been placed all around the spacious parlors, transforming them into a veritable bower of beauty.

Hanging curtains, draped around windows, doors, etc., while plants and flowers were arranged in profusion. A beautiful bank of palms and cut flowers adorned the large platform, while from every available nook peeped forth ropes of endless description.

The dining room presented a no less delightful scene, which was enhanced by a levy of pretty maidens who administered to the wants of the guests. The tables were decorated with roses, carnations and cut flowers of various hues, intermingled with colored ribbons.

Those who waited on table were Misses Lizzie West, Edith West, Clara Krager, Anna Bishop, Maud Savage, Blanche Bloss, May Masters, Bertha Swartz, Jessie Wagner and Clara Krager.

The ceremony was performed at 9 o'clock by Rev. Charles Lee, of the First Presbyterian church. The home for the occasion was very neatly decorated with plants and evergreens. After the ceremony a wedding breakfast was served and at 11:15 o'clock the newly wedded couple departed for New York city. They will also go to Westport, Mass., the doctor's home. MINCED AT MINOOKA. News of a Day Reduced to Palatable Literary Hash.

Special to the Scranton Tribune. MINOOKA, Pa., May 3.—Yesterday morning the front axle of a fruit wagon owned by Al Smith, of Moosic, broke in two while trying to get out of the way of the street car. The wheels were inside the track which prevented him from turning out of the track as quick as was anticipated. P. C. Connolly's wagon was secured to convey the cargo to its destination while the remnants of the smashup was left behind.

The citizens of this place are strongly considering the subject of petitioning for retraction of the present water rates. They consider \$9.20 per year too high. If people in the city can have it for \$6 there is no reason why Minooka people should not get equally as good.

The case of John McCahill against the township to recover money for services on the road came on today in Judge O'Hara's office. Attorney Con Stokes acted for the plaintiff and Con Dolan and John Coyne for the defense. The case was decided in favor of the plaintiff.

(All Brothers) tried orchestra, of Brooklyn, which has been furnishing fine music to various parties in Honesdale, will tonight play for Protection Engine company at the city hall. After the concert the fire ladders and their friends will enjoy a dance.

Company E is very much pleased over the fine etching which was presented to them by J. A. Balle, an ex-member of the company. The title of the picture is "The Soldier's Dream."

MINOR INDUSTRIAL FLASHES. L. A. Riley & Co. have just purchased of the Leont Mountain Coal and Iron company, eight square miles of valuable coal land near Georgetown.

The Big Mine Run colliery, recently abandoned by the Taylor estate, the Colliery owners and the Heiler workings near Leont Dale, are included in the deal. The former is being transformed into a coal washery, and extensive improvements are being made. The Heiler workings will be opened, and the coal will be hauled over a plane to the company's Leont colliery, near Centralia. The veins are the richest in that region, and are known as the Mammoth and Buck Mountain. The opening of these workings will give employment to hundreds of men and boys.

Goepel is again rife with the name of E. P. Wilbur, saying he will soon retire from the Lehigh Valley, presidency in favor of his son, Rollie H. Wilbur, who is the general superintendent. The report has received no confirmation and is not believed.

Work will, it is said, soon be begun on Mr. Van Winkle's new Beaver Meadow and New Boston railroad. What, completed, this line will tap the Colerain and Milnesville mines, which have sufficient reserve coal in them to keep the present force of miners busy night and day for fifty years.

Coke Ecks & Co. will soon start their Tomlinson colliery on full time. This will give employment to 100 men and boys.

According to the report of Mine Inspector John Maguire, of the Eighth district, the 42 collieries in the district produced 3,178,999 tons in 1893, an increase of 117,917 tons over 1892. There were 10,577 men and boys employed and 57 fatal and 44 non-fatal accidents occurred. The collieries worked 288 days.

President Harris, Vice President Voorhees and General Superintendent Swigard of the Reading Railroad company yesterday completed a tour of the anthracite region traversed by their lines. It is said their mission was to look up new tonnage.

If in the course of the next few days it should be announced that the new Wilkes-Barre and Eastern railroad had materially increased its anthracite coal tonnage for 1893, do not be surprised. There are indications, vague as yet, of a pending deal of much significance.

The three railroads recently chartered in Bedford county are supposed to be a revival of the scheme of the late John Clesna to develop ore lands in that county, but which was abandoned as being impracticable.

The coal and coke originating on the lines of the Pennsylvania railroad east of Pittsburgh and Erie, for the week ended April 29, was: Coal, 166,873 tons; coke, 40,565 tons.

Death of a Pioneer Resident.—Personal and Other Notes of Interest. Special to the Scranton Tribune. FOREST CITY, Pa., May 3.—David Goodrich, one of the pioneers of this locality, died at the home of his daughter, Mrs. O. Wheeler, this morning between the hours of 5 and 6 o'clock, of pneumonia, after an illness of ten days, at the age of 73 years. Forty-one years ago Mr. Goodrich moved from Greenfield to a place about three miles west of here and cleared what is well known as the Goodrich farm. Five years ago Mr. Goodrich moved from the farm and has since resided in this borough, retiring from active work. He is survived by a wife and eight children, namely: Mrs. O. Wheeler, Mrs. James Shelly, Mrs. M. Haley, Mrs. Lewis Rudler, Howard Goodrich and Chauncey Goodrich, of Forest City, and Mrs. Robert Ros and Mrs. J. E. D. Cary, of Scranton, was here today.

IT FILLS THE BILL.—A dose of Dr. Pierce's Pleasant Pellets, Sick Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all disorders of the liver, stomach and bowels are promptly and permanently cured.

Dear Sir:—I was pale and emaciated, food fermented in my stomach, a physician pronounced my case "fatal" but I could not help me. I lived a month without solid food and when I first tried to eat I would vomit. At this time I was taking Dr. Pierce's Pleasant Pellets, and in two weeks I was decidedly better.

I am now in good health, and never feel better in my life. I have a better color, eat more, and have no distress after eating, having gained thirteen pounds since I began using them.

Yours truly, MARY ANGLISH.

Hood's Never Fails. A Business Man's Experience—Cured of Rheumatism.

Mr. T. W. Haus, a well known business man in Pittsburgh, Pa., writes the letter given below.

Mr. Haus is general agent for the Maine granite quarries and contractor for cemetery and building work, having an office at No. 218 Penn Avenue.

"Gentlemen—We have a very high opinion of both Hood's Sarsaparilla and Hood's Pills at our house and with good reason. I have taken almost every remedy known for rheumatism, and feel justified in saying that Hood's Sarsaparilla is the only one that does me any good. I must admit I have not taken it steadily, but only when the pains of rheumatism came on. Hood's Sarsaparilla has

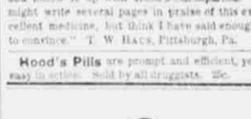

Always Given Me Relief, and the many others, as soon as I am well I never think of medicine again until the next attack.

HOOD'S Sarsaparilla CURES.

We are never without Hood's Sarsaparilla and Hood's Pills in our house, and have recommended both to dozens of friends. When any of my family are taken sick, no matter with what disease, the first thing we do is to give

A Dose of Hood's Pills and follow it up with Hood's Sarsaparilla. I might write several pages in praise of this excellent medicine, but think I have said enough to convince." T. W. HAUS, Pittsburgh, Pa.

Hood's Pills are prompt and efficient, yet easy to take. Sold by all druggists.
